Record Date Stockholders who fully exercise all Rights initially issued to them in the Primary Subscription will be entitled to buy those shares of common stock that are not purchased by other Record Date Stockholders. The shares of common stock issued as a result of the rights offering will not be record date shares for the Fund's monthly distributions to be paid in August or September 2021 and therefore will not be entitled to those distributions.

The rights offering will be made pursuant to the Fund's currently effective shelf registration statement on file with the Securities and Exchange Commission ("SEC") and only by means of a prospectus supplement and accompanying prospectus. A final prospectus supplement and accompanying prospectus will be filed with the SEC but has not been filed as of the date of this release. The Company expects to mail subscription certificates evidencing the subscription rights and a copy of the prospectus supplement and accompanying prospectus for the rights offering shortly following the Record Date. These securities described in this release may not be sold nor may offers to purchase be accepted prior to the time the prospectus supplement and accompanying prospectus are filed with the SEC.
